

## MORALEZ TO BE TRIED ON FRIDAY

Man Arrested With Lot of Villa Money Is Held in Alamogordo.

Alamogordo, N. M., Jan. 25.—Manuel Morales, who was arrested here Friday night with two suitcases filled with new Villa currency, will be tried Friday in the justice of the peace court. The warrant which has been sworn out against Morales charges him with having counterfeited money in his possession. On the night of his arrest, the officers estimated the amount of money at \$250,000. A count made Saturday afternoon showed the actual amount to be \$425,836. An attorney representing Morales came up Saturday in an automobile and made an examination of the money, which he said he believed to be counterfeit. Morales will be tried in the district court, under the laws of New Mexico, and not in the federal courts.

## A Message to Thin, Weak, Scrawny Folks

An Easy Way to Gain 10 to 20 lbs. of weight. Healthy, robust men and women everywhere are heard to say, "I can't understand why I do not get fat. I eat plenty of good, nourishing food." The reason is just this: You cannot get fat, no matter how much you eat, unless your digestive organs assimilate the fat-making elements of your food instead of passing them out through the body as waste.

What is needed is a means of gently urging the assimilating functions of the stomach and intestines to absorb the oils and fat and hand them over to the blood, where they may reach the starved, shrunken, run-down tissues and build them up. The thin person's body is like a dry sponge—sugar and honey for the fat-making material which it is being deprived by the failure of the alimentary canal to take them from the food. The best way to reach this starved state of the body is to use Sargol, the recently discovered regenerative force that is recommended so highly by physicians here and abroad.

Take a little Sargol tablet with every meal and notice how quickly your cheeks fill out, how your healthy flesh is deposited over your body, covering each bony angle and projecting point. A. E. Ryan and other good druggists will give you a sample of Sargol from their wholesaler, and will refund your money if you are not satisfied with the gain in weight.

Caution: While Sargol has produced remarkable results in overcoming nervous dyspepsia and general stomach troubles, it should not be taken unless you are willing to gain ten pounds or more, for it is a wonderful flesh-builder.—Advertisement.

## Falling Hair Caused By Dandruff

HOW TO DESTROY THE DANDRUFF GERM AND SAVE YOUR HAIR.

This, brittle, colorless and scraggy hair is mute evidence of a neglected scalp, of dandruff, that awful scourge. There is nothing so destructive to the hair as dandruff. It robs the hair of its lustre, its strength and its very life, eventually promoting a feverishness and itching of the scalp, which if not remedied causes the hair roots to shrink, loosen and die—then the hair falls out fast. For the purpose of destroying the dandruff germ you should get your druggist to prepare a lotion consisting of 6 ounces Bay Rum, 2 ounces Lavender de Couperose and 1 dram Menthol Crystals. Rub this thoroughly into the scalp with the finger tips. It will kill the dandruff germ at once and after the first application your hair will take on that life, lustre and luxuriance which is so beautiful. It will become wavy, fluffy, and have the appearance of abundance and incomparable gloss and softness, but what will please you most will be after just a few weeks' use, when you will actually see a lot of fine downy hair—new hair—growing all over the scalp.—Advertisement.

to the northeast on Gumbinnen (in east Prussia) without success. Fierce artillery duels took place on the remainder of the front in east Prussia. Less important engagements to the northeast of Wladaw (on the lower Vistula 10 miles southeast of Thorn) were successful for us.

**German Losses 200.**  
The French war office at Paris this afternoon gave out an official report on the progress of the war, reading in part as follows:

"On the Yser front, Belgian troops have made progress in the vicinity of Perwez.

"At daybreak Monday the Germans, one battalion strong, delivered an attack against our trenches to the east of Ypres.

"This movement was arrested sharply. Three hundred dead, including the commander of the company at the head of the German advance, were left on the field of battle.

**Five Attacks Repulsed.**  
"Not far from La Bassée at Valenciennes and Valenciennes, the enemy delivered five attacks against the British lines. After having made some slight progress, the Germans were repulsed and left on the field numerous dead and 50 prisoners, including two officers.

**Hard Fighting in Progress.**  
"To the west of Cronen, the enemy delivered two successive attacks, each of great violence. The first was repulsed, but the second penetrated our trenches. By an energetic counter attack, however, our troops succeeded in regaining almost all of the ground lost by them. At this point the fighting is still going on around that part of the trench which is occupied by the Germans."

## Says Americans Deplore Bombardment of Belgium But Furnish the Shells

Berlin, Germany, Jan. 25.—The American people express indignation when they learn of the bombardment of Belgium, but furnish ammunition for the British to do the same thing, according to an article in the Vossische Zeitung, sharply criticizing the American attitude. The paper contrasts what it asserts is the indignation in America over the destruction wrought by the Germans in Belgium and the delivery of whole ship loads of shells to England, which are being used to destroy Zeppelins, Bluecherbergs, Ostend, Lombardye and other seashore resorts.

"When the Germans," says the Vossische Zeitung, "bombard a church or a cover, then the full chorus of American moral indignation is heard, but when England declares its aim to starve 85,000,000 persons and destroy the commerce by which a great part of these millions must live after the war, America hastens by selling weapons to assist in the attainment of this praiseworthy object."

## GERMAN WOUNDED PRAISE TREATMENT BY RUSSIANS

Amsterdam, Holland, Jan. 25.—The Berlin Vossische Zeitung publishes extracts from a letter from a German military surgeon which show that in future all rumors about the ill-treatment of wounded prisoners at the hands of the Russians must be carefully examined. He writes:

"In Lodz I saw one wounded, who on November 22 and 24 fell into the hands of the Russians. It must be stated for the sake of justice that they have been extremely well treated and that they are all praising the Russians. It would be good to give this wide publicity because it would comfort many whose relatives are in the hands of the Russians."

## GERMANS FORBID POSTCARD PICTURES OF BELGIAN KING

Dunkirk, France, Jan. 25.—The German military authorities in Belgium have forbidden the sale of photographs or picture postcards of king Albert and St. Max, mayor of Brussels, now imprisoned in Germany.

## GERMANY SEIZES BELGIAN COPPER FOR WAR PURPOSES

London, Eng., Jan. 25.—An Amsterdam dispatch to the Exchange Telegraph company says the Germans have seized copper valued at \$10,000 from the Belgium government's wireless installation at Brussels.

Previous dispatches have told of the shortage of copper in Germany, owing to the fact that Germany can import no copper from the United States because of Great Britain's control of the sea. It has been stated that German authorities are tearing up all manner of manufactured copper articles in Germany and using it for military purposes.

The losses of Austro-Hungary through surrender are given at three and a half million men to the Russians, and 60,000 men to the Serbians and Montenegrins, making a total of 3,600,000 prisoners of war for the two countries.

It is claimed that there are at present held in Germany in men taken on the field, 254,000 French, 37,000 Belgians, 252,000 Russians, 21,000 English; by Austro-Hungary, 150,000 Russians and 70,000 Serbians and Montenegrins, or 834,000.

## BRITAIN ADMITS SECRET WAR TREATY WITH BELGIUM

London, Eng., Jan. 25.—The official information bureau this evening issued a statement saying that "The foreign office, replying officially to recent interviews with Dr. Von Bethmann-Hollweg, the German imperial chancellor, admits the existence of the documents the Germans have said they found in Brussels, but insists these were purely informal and intended for use in case the British were needed to demand Belgian neutrality. The Belgian marginal note upon the record explains that the entry of the English into Belgium would only take place after the violation of our neutrality by Germany."

## GERMANS NOW SAY THREE ENGLISH SHIPS WERE SUNK

Berlin, Germany, Jan. 25.—Additional details of the sinking of a British battleship in a naval battle in the North Sea, west of Heligoland, which is claimed by the Germans, is given in a statement issued here today. The statement follows:
